VOL. CVXIIII—72. ALEXANDRIA, VIRGINIA, WEDNESDAY, MARCH 26, 1913. PRICE, 2 CENTS

COUNCIL ENACTS IMPORTANT LAWS

Dog Ordinance Meets With General Approval of Majority in City.

LAW LIMITING SPEED.

Censorship Over Objectionable Pictures and Measures Regulating Rollerskating in Future.

There was but little discussion in the Board of Aldermen last night, and the business presented was transacted with dispatch.

An ordinance to amend sections 23, 24, 25 and 34 of the health law was introduced and referred, as were also ordinances directing the Southern Railway Company to place improved rails on Wilkes street at the intersections of Washington and Wilkes and for paving between the rails and two feet on each side of the same, also an ordinance directing the Washington-Virginia Railway Company to make similar changes at Cameron and Payne streets were referred to the committee on streets.

The ordinance providing for the muzzling of dogs which are allowed to run at large in the city, and for the extermination of unlicensed and ownerless dogs, was received from the Common Council amended by that board after it had left the hands of the committee on general laws by the substitution of the words "approved by the police department" after the section providing for muzzling.

This amendment was combatted by several members, and after it had been eliminated the ordinance was passed.

A resolution directing the police department to send out the dog wagon immediately was also received from the Common Council. It, too, struck a snag, the Aldermen believing the Mayor should be directed to send out the wagon.

This resolution after having been so amended was passed.

A ordinance regulating the speed of automobiles, motorcycles, etc., upon the streets of the city was also received from the Common Council but not in the shape approved by the Aldermen. The committee on general laws had made the speed limit eight miles an hour on King street, but the lower board had increased it to ten.

Mr. Ballenger moved to make it twelve. He said most cities allowed such a speed, and New York had no speed limit on Sunday.

Mr. Hill favored twelve miles an hour for King street, and gave his reasons therefor.

Mr. Ogden opposed the views of Messrs. Ballenger and Hill.

Mr. Field said he had favored eight miles an hour on the principal thoroughfare, although he would not oppose the ten-mile limit.

Mr. Ballenger's amendment was adopted—5 to 2,—and the ordinance was passed—ayes, 6, Noes, 1, Mr. Ogden.

Mr. Ogden inquired of the finance committee concerning the fate of the measure providing for a new house for the Relief Hook and Ladder Company. He said many people had asked him concerning the purpose of Council.

Messrs. Field and Hill assured Mr. Ogden that the committee would in due time report upon the matter.

The Aldermen after concurring in the action of the lower board on the papers which had been sent in adjourned.

Council Council.

Four important additions to the laws of Alexandria which have been needed for years were passed by City Council last night the two bodies, thus accomplishing more constructive legislation in a few hours than they heretofore have done in a year.

The four new statutes which will be written in the law of the community as soon as the Mayor can sign them are as follows:

Prohibiting dogs from running loose on the streets or vacant lots without muzzles; providing for a fine or from $5 to 10 on their owners and instructing the police department to kill all dogs found without muzzles.

Prohibiting the use of roller skates on sidewalks except by children under 10 years old; no skating to be permitted on streets where there are electric railways and other regulations for the safety of the children and public included.

Limiting the speed of automobiles, motorcycles and other vehicles on the streets of the city to 12 miles an hour and to 6 miles at crossings and providing rules for the regulations of traffic.

Prohibiting the showing of pictures of crime on any slide or moving picture film within the city limits of Alexandria.

All four of the ordinances had been prepared by the general laws committee and were passed by practically unanimous votes. A slight hitch took place on the speed ordinance. The original report of the committee called for a speed of 8 miles on King street. This was raised by Common Council to 10 miles but the Board of Aldermen made a further raise to 12 miles thus placing King street on a par with the other streets of the city. When the paper was returned from the upper board there was considerable objection to the change and a conference committee was appointed but they were unable to secure any concession from the Aldermen and the latter's figure of 12 miles was reluctantly agreed to by the lower board.

The ordinances were not passed without considerable debate and nearly two hours was taken up in the discussion. The muzzling ordinance went through with flying colors there being no objection on the part of anyone, although an amendment making the police department the judge of the muzzles to be used was introduced by Mr. Swan and passed.

The speed ordinance was also passed by a unanimous vote, but arising from its consideration was a slight controersy between Mr. Brockett and Mr. Spinks as to the regulation of the speed of electric trains. Mr. Brockett contended that operation of electric trains at a speed of 12 miles an hour was safer to the pedestrians than a speed of 8 miles an hour and he was sustained in this view by Mr. Marshall who gave some experineces relative to accidents. Mr. Brockett also held that because the electric cars ran in tracks in the center of the street where everyone knew where they were they were not as dangerous as automobiles were dashing up and down regardless of the people who were walking on the streets.

Mr. Swan favored an increase in the rate of speed on King street and secured the passage of his amendment on this subject.

The roller skating ordinance was discussed at some length. Early in its consideration Mr. Chuancey opposed its passage and said that he would never vote for any measure to deprive the children of their right to use the streets and sidewalks until Council had provided them with suitable playgrounds. He said that if Council would build a new school house on the lot in the northwestern section of the city where there would be room for play grounds for the children he would vote for the measure.

Mr. Birrell favored the ordinance but wanted the age limit of the children who could use the sidewalks raised to 12 or 14 years.

Mr. Marshall favored the measure and explained conditions on upper King street which made its passage necessary.

Mr. Spinks was in favor of the general provisions of the act but made strenuous objection to the section prohibiting children from skating on streets where there are electric cars.

Mr. Williams objected to the feature forbidding two or more persons from skating hand-in-hand and at his suggestion the ordinance was slightly changed.

On the final vote the ordinance was passed by a vote of 10 to 2. Messrs. Leadbeater and Chauncey voting in the negative.

In order that the police department may establish cases against violaters of the speed laws, Councilman Birrell introduced a resolution appropriating $300 for the purchase of a motorcycle to be used by a policeman for that purpose. This was referred to the finance and police committee.

The light committee recommended the passage of an ordinance providing for the election of a superintendent of city gas works, and fixing the salary at $1,200 a year. This was referred to the general laws committee. It was explained that the position is held now by F. W. Latham, and his salary is $1,000 a year. However, in order to make the change it is necessary that Council elect a superintendent, as it has neglected it for the past six years. Mr. Latham will not have to take the final examination, the ordinance prepared providing for this.

A resolution of Councilman Albert Bryan appropriating $300 for the purchase of a horse for the Columbia Fire Engine Company was passed. A petition for extension of gas mains on Cameron street between Pitt and St. Asaph streets was referred to the light committee.

An ordinance for a modern roadway on Cameron street between itt and St. Asaph streets was passed, as was also an ordinance for the improvement of the square on Payne street between Cameron and Queen streets. A petition of property owners on Columbus street between Pendleton and Wythe for sewer was referred to the street committee.

An ordinance for the revision of certain sections of health laws was referred to the general laws committee. Permission was granted E. Heidenheimer to connect by special wire a burglar alarm call at police headquarters.

GREAT DISTRESS IN NEBRASKA

Omaha Crowded With Carriages and Hearses on Way to City of Dead.

SILENT PROCESSIONS.

Death List in Stricken City Grows—128 Bodies Identified, Six Unknown and Fourteen Missing.

Omaha, Neb., March 26.—The relief commitee which was organized yesterday, opened six relief stations today along the cyclone's path. At each station an officer with ful police power will be in charge and under him will be one surgeon and a nurse. They wlil not only take care of the slightly injured, who apply for help but will dispense food, clothing and money.

Through every channel possible the appeals for financial aid are being made to residents of Omaha and nearby towns. Bill boards are being utilized to explain to the public and all daily papers are receiving donations.

Every street around many churches es of the city was crowded with hearses and carriages early today. On all sides the silent jrocessions moved toward the cemeteries.

Over a hundred victims found refuge in the auditorium last night and this morning were served with rations by the militiamen.

The death list has not grown since last night's. There are 128 bodies unidentified, at least fourteen missing and six unidentified. This is the list for Omaha alone. The Ralston and Council Bluffs lists remained unchanged.

The soliders and relief workers are laboring through snow again today and are still further handicapped by severe cold. The mercury has dropped to about twelve above.

NO RABIES IN HEADS.

Dogs Recently Killed by Order of Police Court Not Suffering From Hydrophobia.

As has been stated in the Gazette, the heads of two dogs which had bitten people and were ordered to be killed by the Police Court were sent to Washington for examination.

The authorities of this city have been informed that neither dog had been suffering from rabies.

This intelligence will afford relief to the victims of the curs, who have naturally been apprehensive as to the results of their wounds.

It was not believed at the time that the dogs were mad, but the court determined to ascertain beyond doubt the condition of the canines when they made the attacks in order to satisfy the persons who had been bitten that they may not fear serious consequences.

New York|—Investigatin is being made into an alleged "cat teeth trust." It is said that teeth of cats are extracted and sold at high prices to South Africans who use them for jewelry.

NEWS OF THE DAY.

Direct communication between San Francisco and London, England, by cable and telegraph was established Monday in a test which is said to have been successful. It was made possible by means of a cable sounder which permits the use of the Morse code for cable messages. The transcontinental line of the Postal Telegraph Company was "hooked up" to the trans-Atlantic cable for a few minutes and messages were exchanged without difficulty. The cable is routed by way of Boston and Halifax and the operator in London an dthe man in San Francisco "talked" to each other without the assistance of relay offices.

A fierce storm that acted like a western torhado swept over Scranton, Pa., yesterday afternoon. The Round Woods section of the city suffered most. The Clemons silk mill was unroofed and a 150-foot section of the roof was deposited on the adjacent engine room, partially demolishing the structure. There were 150 girls at work, but except for bruises and scratches they were uninjured. The tower of No. 32 school building was blown down and several nearby residences were damaged. Trees and fences were blown down in all parts of the city and in the adjoining country. A heavy downpour, accompanied by thunder and lightning, followed the tornado.

Two children, Mullins McDowell, aged 11, and Arnie Ruth, 13, were indicted by a Wake county, N. C., grand jury for killing Lindsey Smith, a young negro, two months ago. Both are members of what is known as the" North Person Street" gang, a band of boys whose organization was not known to have existed until Smith was killed. The McDowell child admits killing the negro, with whom, he says, he had no quarrel, the Ruth boy having fired a pistol at the same time the little McDowell shot the negro with a rifle.

John McClelland, a farmer, lost his life, and his brother Lafe, escaped being murdered only by fortunate chance Monday night at Ranger, W. Va. The two men were assaulted, beaten into unconsciousness, and their bodies thrown into the Guyan river. Lafe McClellan was restored to consciousness by the shock of his contact with the cold water, and was able to swim ashore and escape in the darkness. His brother, however, has not been seen, it is considered certain that he found his grave at the bottom of the river.

An artificial eye probably saved the life yesterday of Job Owen, of Shamokin, Pa. Owen was walking along a street when a bullet from a rifle discharged by an unknown person struck his glas eye which prveented the bullet from entering the brain. Aside from a badly lacerated eye socket, Owen was uninjured.

Flood in Western New York.

Buffalo, N. Y., March 26.—Hornell was the principal center of the flooded district in western New York, today. The city suffered the worst inundation in its history. Only one fatality was reported but the property loss wil lbe large. The Genesses valley is flooded and at Bradford and Corry, Penna., railroad washouts have tied-up the transportation. Salamanca and Olyean, N. Y., are partly under water.

New York.—E. Grossman, suing his wife for separation asked the court that Mrs. Grossman be compelled to pay his counsel fees.

Notice to Gas Consumers.

Gas bills for quarter ending March 1, 1913, having been delivered, this is to notify all consumers that a discount of 30 cents per 1,000 feet will be allowed on all bills paid on or before April 1, 1913. After that date no discount will be allowed, and delinquents will be required to make early settlement. By order of the Committee on Light.

INDIANA AND OHIO TOWNS SUBMERGED

Hundreds Perish and Many Thousands are Rendered Homeless.

HOMES WASHED AWAY.

Weather Bureau Can Give no Hopes of an Early Change in Meteorological Conditions.

Cleveland, Ohio, March 26.—Characterized by President Wilson as a "national calamity" the the gigantic floods that have simulteneously engulfed whole cities in Ohio and Indiana, today appear to have surpassed all records of recent years in the scope of their destructiveness.

Reports from the stricken sections today show that the loss of life has been heavy but so far no accurate estimate of the total number killed is possible . That 500,000 persons have bene rendered homeless and property damaged to the extent of a half billion dollars appears certain.

The Miami River Valley, including the towns of Dayton, Hamilton and Piqua, is an eighty mile long strip of devastation.

The Wabash river, bursting its banks at Peru, Indiana, has brought havoc upon town after town throughout its length. Indianapolis and other cities on the White River are inundated.

Throughout other sections of both states the smaller rivers have flooded towns and hamlets by the score and passing eastward the rising waters now threaten to visit similar destruction upon the vicinity of Pittsburgh, Wheeling and other cities on the Ohio and Alleghany rivers.

Columbus, O., March 26.—With more than 250,000 driven from their homes, while towns laid waste, and loss of life that cannot be estimated, Ohio lay prostrate today before a flood that showed no signs of abatement.

Reports that reached Columbus today from the different stricken cities were meagre because railroad facilities were paralyzed and only occasionally was Columbus able to get a telegraph or telephone connection.

Scene of indescribable horror are reported from Dayton. Loss of life is estimated from 150 to 5,000 according to various reports filtering in here. One report is that a school house is inundated and that nearly 400 children who were in it at the time the levee broke were drowned. This, however, has not been confirmed. The entire city is under from ten to thirty feet of water and people have sought the tall buildings and the hills as places of refuge.

The flood that hit Dayton was due to the breaking of the Loramie reservoir, in Shelby county, about seven o'clock Tuesday morning. Rushing down the Miama Valley, the water carried everything before it in Piqua, Troy, Sidney, Dayton, Carrollton, Miamisburg and Hamilton.

That there has been great loss of life in the Miama Valley is certain but the exact extent is at this time largely guess work.

In Columbus the west side is practicaly wiped out, 15,000 or more are homeless, and the reported loss of life ranges from a half dozen to two hundred. Houses are floating down the river with people on their roofs. Several fires in the submerged district have added to the horrors.

A man marooned with his family on the roof of his home shot and killed his wife and three children and then himself rather than to suffer death in the flames.

A big man is crying like a child here at the offices of the National Cash Register Company, where nearly one thousand homeless flood victims are sheltered. He has been to the hospitals and schools, where refugees are housed, to the churches—but at none of these is his family.

The money loss is heavy, but nobody cares about money loss, though it runs into the millions.

Indianapolis, Ind,March 26.—Paralyzed by a tie-up of industry and transportation, heavy loss of life reported from several cities, with prop-

LAST NIGHT'S RECITAL.

Appeciative Audience Hears Mrs. Cox in Delightful Programme.

The recital last evening by Mrs. Annie Staunton Cox was attended by a large and most appreciative audience as Mrs. Cox was received with earnest enthusiasm. Her sweet tones throughout the varied numbers she gave kept her listeners wondering which selection they preferred. The beautiful lines of Francis W. Bondillon,

"The mind has a thousand eyes
And the heart but one,
Yet the light of a whole life dies
When love is gone,"

set to music by Hawley whose tones seem to breathe the thought of the words, was encored so heartily that Mrs. Cox responded with "Annie Laurie" playing her own accompaniment. Mrs. Cox's rendition of"Mammy's Song" where the little chap went off to sleep while "Brer Possum" was still 'a-gathering' persimmons, "a "heap-a-heap a-heap" made one feel like they, too, would like to drop off to slumberland each night with just such sweet tones lulling them to sleep.

Too much praise can't be said of Mr. Eldridge, who gave one of his own compositions, rseponding to applause with a delightful cradle song.

Miss Kast rendered two selections on the violin with masterly technique, accompanied by Mr. Sherman B. Fowler.

Little Miss Schneider gave three selections on the piano in manner most marvelous for a child of twelve years, and her stage presence so sweetly child-like added to the attractiveness of her numbers.

After the recital Miss Gault Norton entertained at her home in Prince street.

Mrs. Cox and the young ladies ushering at the recital.

ADRIANOPLE IN HANDS OF ALLIES

Turkish Holy City Falls—War May Now be Brought To End.

SAID TO BE IN FLAMES.

Shukri Pasha Said to Have Committed Suicide When Enemies Enter Place.

Sofia, March 26.—Adrianople, has fallen. The Bulgarian War Office today gave out that information. The fall of the Turkish Holy City followed a general assault by the Bulgarians and Servians. According to the report, the Third Bulgarian division entered the city and took formal possession. Before they surrenderd, the Turks blew up several power magazines and fired houses, but the conqueror saved the city from destruction.

This afternoon it was reported that Adrianople was in flames in a dozen spots and the inhabitants were fleeing in every direction. Danger existed that the city would be destroyed.

Accounts from the front said that the Bulgarians bayonetted hundreds of Turks who were engaged in firing houses and blowing up powder magazines.

The Bulgarians and Servians entered the city after hours of desperate fighting and a display of valor seldom equalled in modern warfare. They rushed the last works of the Turkish defenders in the face of terrific fire, and won their way into the city in hand to hand encounters.

Shukri Pasha, commander of Adrianople killed himself with a pistol as the first Bulgarians entered the Holy City, according to an unconfirmed report here.

London, March 26.—The reported fall today of Adrianople, the capture of which was reported from Sofia and undisputed, was hailed by diplomats as insuring the early end of the Balkan war.

The Holy City has been one of the bones of contention standing in the way of peace for many weeks. Bulgaria demanded the town and the Ottomans refused to give it up because of its moslem importance, there being many shrines and tombs there sacred to the Turks.

It was Adrianople that stood in the way of mediation by the great powers. The ambassadors in their proposal to mediate, suggested that Turkey be allowed to retain control of the moslem portion of Adrianople, maintaining there a religious ruler, while Bulgaria would actually govern the town.

The allies delayed many weeks in replying to the powers, and it was understood that they were holding off hoping to capture Adrianople before making terms.

Forty Persons Drowned.

Connorsville, Ind., March 26.—Forty or more persons were drowned in Brookville, Franklin county, according to authentic information received here today. The bank which protects the city where two forks of the White River meet, broke Monday night. Twelve houses just back of the levee were crushed by the wall of water and the inhabitants undoubtedly perished.

NOTICE OF MEETING.

WESTMINSTER BUILDING

Large Assembly at Opening Last Night—Interesting and Instructive Exercises.

The opening exercises of the new Westminster Building of the Second Presbyterian Church last night were heartily enjoyed by the large concourse of people who had gathered to participate in or to witness the same. Every feature of the programme was carried out and there were pleasant incidents unexpected, which were greatly enjoyed.

The pastor, Rev. John Lee Allison, D. D., and Rev. Joseph R. Sevier, former pastor, delivered an address.

Hon. C. C. Carlin was unable to be present. He, however, sent his greetings accompanied by an evidence of his interest in the new building in the shape of a check for a substantial amount to be added to the building fund.

Mayor Thomas A. Fisher was present and during the evening he delivered an appropriate address which was justly appreciated by his many hearers.

The two bronze tablets were unvailed during the evening. The Witmer tabelt was unvailed by a niece, Miss Witmer, of Baltimore, while the Slaymaker tablet was unvailed by a daughter of Rev. Mr. Slaymaker, of Berkely, Virginia.

The programme for tonight will be as follows:

Doxology.

Invocation.

Turning over keys by Chairman Building Committee to Moderator of Session.

Anthem—"I was glad when they said." Choir.

Scripture.

Solo—"Open the gates of the Temple." Mrs. William Woolls.

Address—Rev. Theron H. Rice, D. D.

Anthem—"Send out thy Light." Choir.

Address—Rev. Frank J. Brooke, D. D.

Hymn—"How firm a foundation." No. 325 Church Hymnal.

Address—Rev. Joseph R. Sevier, D. D.

Anthem—"Savior When Night Involves the Sky." Choir. By request.

Hymn—"Loving Kindness." No. 190 Church Hymnal.

LOCAL BREVITIES.

Members of the police department were measured today for their new spring uniforms by C. M. Schwab.

In the Corporation Court this morning T. Moxley Ervin was appointed a trustee of the M. E. Church, in place of John P. Robinson, deceased.

The Willard W. C. T.U. will conduct a rummage sale at the corner of Queen and Alfred streets on Thursday, Friday and Saturday. All contributions will be appreciated.

The Allison W. C. T. U., will meet tomorrow afternoon at three o'clock at the Children's Home.

In the Police Court this morning Chester Kuhn was fined $2.50 for an assault on Sam Cole and Samuel Porter, colored, $10 for an assault on Maud Berry.

WOMEN MAY DECIDE HERE

Postmaster of Alexandria May be Chosen With Help of Women of Community

The contest over the postmastership of Purcellville, Loudoun county, between Eugene Monroe and Hamilton Cummings is being watched with great interest in Alexandria because of the probability of the same plan being adopted in this city by Congressman Charles C. Carlin for the selection of a postmaster of Alexandria. Mr. Carlin stated today that he was not prepared to announce the adoption of the plan in Alexandria until he sees how it works out in Purcellville.

According to the plan which is now being carried out in Purcellville, all white Democratic adult patrons of the postoffice including persons residing on rural routes will be given an opportunity to sign the petition of either one of the candidates. The petitions were started on last Monday morning and will be closed at noon on next Tuesday. The names will be counted and the applicant having the greatest number of names signed to his petition will receive the endorsement of Mr. Carlin which practically amounts to his appointment to the position.

It will be noted that women as well as men will be permited to sign the petition and Mr. Carlin is eagerly awaiting the result with a view of ascertaining whether the women really like the idea of participating in politics and determining controversies among men.

There are several candidates for the postmastership of Alexandria who have circulated petitions among the male voters of the community. Under the plan adopted at Purcellville all petitions prior to those commenced on March 24th, and all promises made before that date, were declared off.

STRANGE LIGHT LAST NIGHT.

Early last night the attention of many people who were on the streets at the time was directed to the luminous appearance of the northern heavens. It was generally supposed a fire was raging in that direction, but the papers this morning contained no accounts of a conflagration in the vicinity of Washington.

That the light was not caused by a fire is certain as people in Baltimore had their attention attracted by the luminous conditions in the heavens to the north of the city.

Before the cyclone struck Omaha a neye witness tells us a copper-colored cloud appeared first in the quarter of the heavens from which the "twister" came.

ELECTED NEW SECRETARY.

The board of directors of the Retail Merchants' Association, at a meeting held last night at the rooms of the Chamber of Commerce, elected Harrie White as secretary of that organization to fill the vacancy caused by the resignation of J. T. Preston. Mr. Preston, however, will continue to serve as secretary of the Chamber of Commerce.

Mr. White will transact the business of the association at his office on King street, near Washington.

LEESBURG VOTES DRY.

Anti-Saloon People of Leesburg Win at Polls by Majority of 35.

Leesburg, Va. March 26.—In the local option election held here yesterday the "drys' won out by a majority of thirty-five. The majority would have been considerably larger but for the fact that thirty-five of the "dry" citizens of the town failed to pay their poll taxes within the time prescribed by law. The total vote polled was 193, of which number the "drys" got 109 and the wets 79, there being five ballots thrown out. Much interest was fostered in this election, and the total eligible vote was polled. By 3 o'clock in the afternoon the total vote with the exception of a few, was polled. Both sides worked at the polls all day, and numerous votes were challenged. Business in town was at a standstill yesterday owing to the important issue, and to the fact that the greater majority of the business men worked at the polls. Numbers of people came in from the country districts, and some of these worked with the townsmen in getting out the vote. Throughout the day the Anti-Saloon League of the town worked with much vigor, as it had done for the past several weeks. Hon. Seaborn Wright, "known as the man who made Georgia dry," spoke here Monday night and also on Sunday night. It has been the general impression here that if the town went "dry" at this election the issue would never be voted on here again, at least for a number of years. This is the third consecutive time that the town of Leesburg has been voted "dry."

DANGEROUS LUNATIC.

Colored Boy Wrecks Train, And Two People Meet Death.

Cape Charles, Va., March 26.—Captain Gilmore, with two other detectives of the New York, Philadelphia and Norfolk Railroad, early Monday morning arrested Lindsay Moses, colored, sixteen ydars old, suspected of tampering with the switch that caused a wreck at Belle Haven on the morning of March 19, in which the engineer, Samuel B. Harrel, was killed and the fireman, Virgil H. Hearn, so badly injured that he died a few hours after in a Norfolk hospital, where he was taken for treatment.

The colored youth, who is half-witted, has been under surveillance for two days. He had been seen loitering near the scene of the wreck, and had been driven away from the station at Exmore by the operator. He was a passenger on a train the night before teh wreck, and was put off at Nassawadox, as he did not have sufficient funds to pay his fare.

He confessed his guilt, saying he broke the lock open with a heavy iron bar, and threw the switch that wrecked the train. When asked why he had committed the act, his only reply was: "Just for fun." When questioned further, he talked in an incoherent and disconnected manner, and but little information could be gained from him. He does not seem to realize the enormity of his crime.

A force of men was endeavoring to remove the dead body of the engineer, from beneath the wrecked engine, the youth was an interested onlooker, mingling with the crowd of curious spectators. The youth is an inveterate cigarette smoker, and when searched his pockets were filled with cigarette butts. A bottle of whisky was also found on his person. He is possessed of a hallucination that some one is going to send him a bicycle, and as he stood watching the work of the men clearing the wreck inquired several times if they had found his wheel.

GROOM AND BEST MAN DRUNK.

Disgusted Bride Leaves Alone for Long Journey.

Harrisonburg, Va., March 26.—A country couple came to town Tuesday and were married. While the bride was waiting in the carriage near the livery stable the groom got to drinking and landed in jail, forgetting in his celebration that his newly made wife was waiting for him to return home.

When the bride was informed of her husband's predicament she quickly drove off and started on the 20-mile journey alone. Sympathetic friends and the new father-in-law got the groom out of jail, paid his fine, and, upon their return to the livery stable found the bride gone; and to add to their predicament, the best man was found in the hay loft drunk and dead to the world. Groom and best man, both rather limp and dress, were piled into a vehicle and hastily started off for the country.

ALLEN'S FINAL APPEAL.

Governor Mann Will Again be Asked to Commute Murderer's Sentences.

Richmond, Va., March 26.—D. C. O'Flaherty, of counsel for Floyd and Claude Allen, the convicted mountaineer murderers, said yesterday evening that one more effort would be made to have Gov. Mann commute the sentence of the men, particularly Claude Allen.

"We are still hoping,' he said "that the Governor may see the wisdom of changing his mind and giving to these two men the same punishment that was meted out to the others."

DECLARED INSANE.

Well-Known Baseball Manager Will be Sent to Marion Asylum.

Lynchburg, Va., March 26.—Drs. A. S. Priddy and A. W. Terrell and Justice Whittaker, sitting as a commission of lunacy in the case of J. J. Grimm, the well known baseball manager, have declared him to be insane, and he will be sent to the Marion asylum.

Grim is in jail for forfeiture of a peace bond, but has evidently been insane for several weeks.

Virginia Woodmen.

Petersburg, Va., March 26.—The State camp, Woodmen of the World, convened here yesterday in biennial session with 125 delegates present. The address of welcome on behalf of the city was by Judge J. M. Mullen, of the Hustings Court of Petersburg, and on the part of the local camp by Charles H. Godsey, of Norfolk. State Manager S. B. Latham, of Norfolk, responded. Col. T. E. Patterson, of Chattanooga, Tenn., brought greetings from the sovereign grand Camp. Rev. Geo. H. Schleh, D. D., of Omaha, Neb., national lecturer of Woodmen of the World, addressed the convention. Head consul of the State Camp., Charles H. Tumbleson, of Norfolk, submitted his annual report which showed the order to be in a flourishing condition. At last night's session a class of 102 candidates was initiated into uniform camp of Port Norfolk.

Suicides.

Richmond, March 26.—Jumping seven stories from his room in Murphy's Hotel to the cement-paved courtyard below Monday a man who registered at the hostelry as J. R. Williams, Philadelphia, and whose effects make it appear that he was a lumber salesman, died almost instantly. Every limb was broken.

Lynchburg, Va., March 26.—Thomas Matney, aged fifty, for sometime a railway crossing watchman in Danville, came home for a visit Monday to find his wife in Wytheville on a visit. Yesterday morning he was found in his home in Madison Heights with a pistol wound in his head and the weapon at his feet. He was rushed for the Lynchburg Hospital, but died en route. This is the fifth suicide in Madison Heights, in nine months.

BLAZE AT WARRENTON.

Planing Mills and Lumber Yards Destroyed.

Warentonfi, Va., March 26.—The Warrenton Planing Mills and Lumber yards, Robert Menefee, owner, were destroyed by fire Monday night, with a loss of from $10,000 to $12,000, with no insurance. The mill, which was situated in the main busines ssectino of the town, was discovered in flames shortly before ten o'clock. During the start of the fire a high wind was blowing, which carried the sparks directly toward the depot and warehouses of the Southern Railway, the electric light plant, ice factory and a number of the wholesale stores of the town.

After several cars, belonging to the railroad company, which were on a siding near the mill had ignited, special orders were received to haul the cars several miles down the tracks to a place of safety. A shift of the wind later made the homes of Hugh Hamilton, R. W. Hilleary, Mrs. V. M. Bowers, Robert Menefee and the Catholic Church in immediate danger. The high pressure of water and splendid work of the citizens saved the town from what looked at one time to be the third destructive fire here in three years. The origin of the fire is unknown, but it supposedly caught from a spark from an engine. Mr. Menefee said this afternoon that he expected to rebuild.

MEETING OF SATAN'S ANGELS.

Will Elect New Devil to Rule Over Hades.

Bristol, Va., March 26.—Rev. 'Sleepy" Tom Clark, of Abingdon, known far and wide as the "Prophet of the Holston," who maintains that he is inspired in prophesy, has set a task for the little mountain town of Tazewell, in Claiborne county, near the Kentucky border, and that is to prepare for a convention of the angels who were cast out of Heaven with Satan. 'Sleepy" Tom, who says his mother before him was a prophet, having predicted the civil war, tells with great solemnity of a visitation of the angels of the devil recently, and details a conversation that took place between himself and them. He was told that all the angels cast out of Heaven with Satan had joined in a call for a convention, soon to be held at Tazewell, at which time they are to vote upon the nomination of a new devil. Clark declares that he was advised that the old Satan, the stern Prince of darkness for so many centuries, has become timid and afraid because of the advent of Woodrow Wilson and existing conditions. "The poor people can hardly get breadstuff," he was told by the angels, and they added: "It was the Cross against the Crescent, and every Bulgarian who fell in battle had a New Testament in his pocket, and this pleased the Lord."

And "Sleepy" Tom inquired, is there any prospective candidate for the devilship?" And they answered: "Wayland killed himself to become a candidate."

"This," said the prophet, when here last week, "was the extent of the revelation to me, but in the vision the significance of it was fraught with the brilliancy of the brightest star. Satan is not pleased with the Wilson regime; it is to godly for him. The powers and principalities of darkness, which have lived in triumph for so many years under the old regime, have had cause to tremble at the advent of Woodrow Wilson. Satan is too weak and languid to meet the new situation, according to the conception of those who dwell in iniquity and battle for its hosts; hence this convention, which has been called to install a new devil."

"Sleepy "Tom is the prophet who predicts that the world will come to an end in 1915.

Why Salves Can't Cure Eczema

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and cannot penetrate to the inner skin below the epidermis where the eczema germs are lodged.

This—the quality of penetrating—probably explains the tremendous success of the well known liquid eczema remedy, oil of wintergreen, thymol, glycerine, etc., as compounded in D.D.D. Prescription.

We have sold other remedies for skin troubles but none that we can recommend as highly as this for we know that D.D.D. stops the itch at once. We can give you a trial size bottle for 25 cents that will be enough to prove it.

Of course all other druggists have D.D.D. Prescription—go to them if you can't come to us—but don't accept some big profit substitute.

But if you come to our store, we are so certain of what D.D.D. will do for you that we offer you a full size bottle on this guarantee:—If you do not find that it takes away the itch AT ONCE, it costs you not a cent.

COUNCIL DOES SPLENDID WORK.

Both boards of the City Council got down to work last night, and four important measures affecting the welfare and safety of the community were passed and will become laws as soon as the mayor shall have affixed his signature to the same.

The new dog law is drastic and provides for the muzzling of all canines allowed to run at large, and the extermination of all ownerless and unlicensed curs.

Another ordinance looking to the minimizing of the annoyance and danger incident to roller skating was also introduced and passed. It prohibits this diversion on sidewalks except by very small children, and as well as upon any roadway where electric railway tracks have been placed. Such dangerous procedures as skating in platoons, being "towed" by vehicles, etc., is prohibited.

An ordinance to regulate the speed limit of automobiles, motorcycles, etc. was passed by both boards. The limit is twelve miles an hour upon all thoroughfares, and precautionary rules are embodied in the ordinance when such conveyances reach intersections or when turns are to be made.

An ordinance prohibiting the exhibition of pictures, moving pictures and reels illustrating crime or attempts to commit the same was also incorporated in the city code.

All these measures have from time to time been urged in the Gazette and their utility is recognized by a large majority of the people of the city. It is hoped the authorities will be given as little trouble as possible in enforcing the new laws.

These measures were adopted with but little discussion, and when amended, in the Board of Aldermen the conference committee soon found themselves of one mind and the objections previously urged were waived.

The proceedings of both branches of Council last night showed that when the interests of the community are at stake that the present representatives of the people are ready to ignore previous differences upon non-essential questions and work together with a will.

The dog ordinance is doubtless the most urgent measure which came before the two boards, and its immediate adoption followed. A resolution providing for placing the dog wagon into commission immediately was also passed.

Heretofore, however, when the work of corralling ownerless and unlicensed canines has been commenced some protests have been made by over-sensitive people to the manner in which they have been dispatched. Several year sago a baseball bat was utilized in the city jail yard for the purpose of giving the curs their quietus. This brought forth expressions of horror from some people, and shooting was the next mode employed. This change, however, failed to stifle the expressions of commisseration upon the part of some, and drowning was next resorted to.

Many years ago "buttons" were used with satisfaction. Poison was laid contiguous to undesirable dogs and in a few minutes the dead wagon came along and carried off the defuncts.

It is a difficult matter to carry out the provisions of a dog law without the people of the community assist the authorities. Sometimes women armed with brooms or washboards stand fight when the dogcatcher attempts to capture an unlicensed canine.

It is hoped the authorities will carry out the law as it has been passed by Council, and that there may be no more such scenes as referred to above, nor expressions of horror when the dogcatcher gets to work, as the safety of the community is at stake, and no false sentimentalism should be allowed to cause any relaxation in its enforcement to the letter.

VICTIMS OF CYCLONES, TORNADOES AND FLOODS.

Horors seem to be following horrors in certain sections of our country. Almost before the ink becomes dry on the dispatches telling of the terrible havoc wrought by cyclones and tornadoes in Nebraska and other contiguous states reports come from Ohio and Indiana of floods which have followed the death-dealing disturbances which have caused several thousands of people to perish.

Wire and rail communication with most of the stricken towns s cut off, and when it is reported probably the greatest flood catastrophe in the country's history will be revealed. Covering a wider territory, it will far surpass the havoc at Johnstown in 1889, when over 2,000 lives were lost.

Estimates of the number drowned at Dayton, Peru, and other town in Ohio and Indiana, run far into the thousands.

At least two hundred, and possibly five hundred thousand are homeless.

At Delaware, Ohio hundreds of people are represented as clinging to trees awaiting rescue by breeches buoys.

Peru, Indiana, asked for two hundred coffins.

At Dayton a raging torrent swept through the main streets ten to eighteen feet deep in places. The loss of life was estimated at anywhere from two thousand to five thousand.

Indianapolis is badly flooded, but little loss of life is reported but many have been drowned in Columbus, Middletown, and Hamilton, Ohio.

SOCIETY.

(Continued from page two.)

One of most interesting features of Easter week was the dance given last night in the Elks' Auditorium by Mrs. M. P. Greene and Miss M. V. Harlow, in honor of their house guests, Miss Clarice Shelsey, of New York City and Miss Eglantine Souliere, of Montreal, Canada.

Among their out-of-town guests were Dr. and Mrs. Santelle, Mr. and Mrs. Fenton Leith, Miss May Hoy, Mr. F. Seeth, Mr. and Mrs. George Benchart, Miss Annie Benchart, Miss Ruth Ripley, and Mr. Ripley, Mr. Borger and Miss Borger, Miss Katherine Roach, Mr. Shidd, Miss M. V. Harlow, Miss England, Mr. Lehman, Mr. Coughlin and sister, Miss B. T. Greene, Miss Ida M. Breen, Miss Zelda Miller and brother, Miss Stewart, Miss Rupert Mr. Dismer, and Mr. Butler.

After the dancing a buffe. lunch was served.

One of the prettiest children's parties given in Alexandria for some time was that of yesterday by Mr. and Mrs. Kenneth W. Ogden, at the Fairfax Apartments, when their attractive little daughter Margaret Frances, was the charming hostess to about thirty-five of her young friends. The rooms were beautiully decorated with cut flowers and Easter novelties. The color scheme, yellow and white, being effectively carried out. The table was attractively decorated with yellow narcissus, rabbits and chickens. The children were made happy when delicious refreshments were served and upon leaving each child was presented with an Easter basket filled with candy eggs, a rabbit and chicken. During the afternoon two contests were indulged in. First, "Pinning the tail on the Rabbit." Prizes were awarded to Miss Laura Hulfish and Master Courtland Warfield and Miss Mary Lennon won the "bobby" prize. The Easter egg hunt resulted in prizes being won by Miss Marion Chadwick and Master Armistead Boothe.

Those enjoying little Miss Ogden's hospitality were the Misses Susan Thomson, Marion Chadwick, Virginia Wilkins, Dorothy King, Edith Phillips, Margaret French, Adelaide Risdon, Caroline Morton, Katherine Leadbeater, Marion Rittenour, Mary Lennon, Helen Outcalt, Virginia Dar Laura Hulfish, Nellie Sommers, ath erine Werneke, of Philadelphia. Dor othy Field, of Washington, and Cathe rine Readon, of Washington; Master Martin Delaney, Paul Lyne Delaney Jack Doniphan, Reid Dunn, Courtland Warfield, Armstead Boothe, Billy Dawson, Albert Smoot, Burge Caton, David Aitcheson, John Sherman Fowler. Edward Leadbeater, Lovell Wilcoxson Bobby Howard and Irwin Taylor.

At a Corporation Court of the City of Alexandria, continued and held at the Court House of said City on Wednesday, March 19th, 1913

Present Hon. Louis C. Barley, Judge.

Valerous Ross
vs. in Chancery.
Anderson Ross.

Upon the application of the complainant, stating specifically the last known place of abode of defendant, and process having been issued and returned of the Sergeant's, showing the defendant not being found within the jurisdiction of the Court the court on this 19th day of March, 1913, doth grant the following order of publication:

The object of this suit is to obtain for the complainant, a divorce from the bond of matrimony from the defendant, on the ground of wilful desertion and abandonment, and for general relief, and an affidavit having been made and filed that the defendant, Anderson Ross is not a resident of the State of Virginia, it os ordered that he do appear here within fifteen days after due publication, and do what is necessary to protect his interests in this suit.

And it is further ordered that a copy of said order of publication be published once a week for four successive weeks in the Alexandria Gazette, a newspaper published in the City of Alexandria, Virginia, that a copy be posted at the front door of the court house of said city on or before the next succeeding rule day after this order is entered and that a copy of order of said publication shall be sent by registered mail by the Clerk of this Court, addressed to the said non-resident defendant at Rockville, Maryland, his last known place of abode.

STOPPED BY COURT.

Removal of Nottoway Courthouse is Halted.

Richmond, Va., March 26.—Efforts of the citizens of Crewe to have Nottoway county courthouse removed from its present location to that place were frustrated today by an order of prohibition entered in the State Supreme Court of Appeals.

On September 21st last the people of the county voted on the question of removing the courthouse to either Blackstone or Crewe from Nottoway Courthouse. On the face of the returns, Crewe apparently won, but as a sufficient number of freeholders failed to participate in the election, the matter remained in statu quo.

Certain parties in Crewe then instituted proceedings in the Circuit Court of Nottoway contesting the election. This was followed by the action of C. D. Epes and E. L. Deans, acting on behalf of other sections of the county. They came to the Supreme Court asking that the Circuit Court be enjoined from entertaining the contest proceedings, and the higher tribunal now directs that these proceedings be stopped.

Towns Submerged.

(Continued from page one.)

erty damage estimated in the millions, Indiana today suffered from the worst flood in the history. The loss of life in the state will go over one hundred. Some estimates are one thousand. Peru was the worst sufferer. The village of Brookville in the southeastern part of the State, was wiped out but communication was cut off and it was impossible to learn how many were drowned.

The entire Wabash Valley is a desolate scene, its scores of prosperous cities absolutely paralyzed and cut off from the outer world. The loss of life along the whole lengths of the river wil lbe very large, it is feared Wires are down everywhere, trains are not running and roads have been obliterated so that confirmation of the wild rumors is impossible.

Rain is still general over the state after sixty hours of steady downpour and the flood has not reached its crest

Fearful shrieks in the dark when the West Washington Bridge gave way letting in a high torrent on and not altogether deserted residential section gave rise to the belief that many persons perished. At Broad Rippel, a suburb where the White River flooded at its worst a thousand families were roused at two o'clock this morning to escape the on-coming waters.

Pope's Condition.

London, March 26.—Pope Pius X has a replapse and is again confined to his bed, according to a news agency dispatch from Rome, published here this afternoon. The report was unconfirmed.

Rome, March 26.—Pope Pius today celebrated his first mass since sickness overtook him on March eight, according to a statement at the Vatican. Prof. Marchiafava, papal physician, was authority for the statement that the Pope has entirely recovered.

PRESIDENT ISSUES APPEAL.

Washington, March 26.—President Wilson has issued an appeal to the people of the country for funds to aid the Red Cross in relief work in the flood-stricken states of Ohio and Indiana. Miss Mabel Boardman, of the Red Cross executive committee called at the White House personally to ask for issuance of such an appeal.

President Wilson today sent the following message to Governor Cox, of Ohio, at Columbus:

"I deeply sympathize with the people of your state in the terrible disaster that has come upon you. Can the federal government assist in any way?"

Woodrow Wilson.

Neill Appointed Commissioner.

Washington, March 26.—President Wilson today made a recess appointment of Charles P. Neill as Commissioner of Labor. Neill was nominated previously by the President, but his confirmation was held up by the Senate. The Senate will now be required again to act on the nomination.

Stand by Wilson.

Washington, March 26—Three Progressive Republican leaders of the House, Representatives Kent, of Cal., Lenroto, of Wis., and Anderson, of Min., today announced their allegiance in party measures at least, to the Wilson administration and refused to join the third party progressive faction in the House "national calamity" the gigantic to support Rep. Victor Murdock, of Kansas, for speaker.

THE TEST THAT TELLS.

Is The Test of Time. Many Alexandria People Have Made This Tet.

Years ago this Alexandria citizen told in a public statement the benefit derived from Doan's Kidney Pills.

The statement is now confirmed—the testimony complete. Instances like this are numerous. They doubly prove the merit of Doan's Kidney Pills. Can any Alexandria reader demand more convincing proof? It's Alexandria testimony—it may be investigated.

Mrs. Anine Scott, 110 Prince street, strong friend to Doan's Kidney Pills Alexandria, Va., says: "I am the same today, as I was in 1910 when I publicly told of the cure they had made for me. This cure has been lasting, but I occasionally use Doan's Kidney Pills as a preventive. I had pains in my back and I could not rest well. In the morning I always felt tired and worn out, and I also had dizzy spells. Doan's Kidney Pills did such good world that it is a pleasure to recommend them to other kidney sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

SHE GAVE UP ALL HOPE

Physicians Failed To Help Mrs. Green, But She Finally Found Relief in Cardui.

Mastin, Va.—Mrs. J. C. Green of this place, says: "I suffered with womanly troubles so that I could hardly sit up. Two of the best doctors in our town treated me, and I tried different medicines, until I gave up all hope of ever getting well.

One day, I decided to try some Cardui. It did so much for me that I ordered some more, and it cured me! Today, I feel as well as I ever did in my life.

The pains and the trouble are all gone. I feel like another person in every way. I wish every sufferer could know what Cardui will do for sick women."

A few doses of Cardui at the right time, will save many a big doctor bill, by preventing serious sickness.

It tones up the nervous system, and helps make pale cheeks fresh and rosy.

Thousands of weak women have been restored to health and happiness by using Cardui. Suppose you try it.

It may be just the medicine you need.
